EDUCATION

Ph.D. in Computational Science & Engineering
Michigan Technological University (MTU)
Fall 2023 – Present
Michigan, USA

B.Sc. in Electronics and Communication Engineering
Khulna University of Engineering and Technology (KUET)
April 2015 – February 2019
Khulna, Bangladesh

RESEARCH EXPERIENCE

Visiting Ph.D. Researcher
University of Southern California (USC)
Fall 2024
California, USA

Working on the neuromorphic closed-loop neural prosthetic project:
- Sorted hippocampal spikes using kilosort4.
- Estimated rodents' movement trajectories using DeepLabCut.
- Implanted polymer microelectrode arrays (MEA) in the rats' hippocampus.
- Collected and recorded neural signals (Local Field Potential) during behavior tests.

Graduate Research Assistant
Michigan Technological University (MTU)
Fall 2023 – Present
Michigan, USA

Worked on the closed-loop DBS system:
- Designed a neuromorphic controller for a closed-loop Deep Brain Stimulation (DBS) system for Parkinson's disease.
- Built a computational dataset for Parkinson's disease.

Research Engineer
Advanced Intelligent Multidisciplinary Systems (AIMS) Lab, UIU.
September 2021 – March 2022
Dhaka, Bangladesh

Worked on a neuromarketing project:
- Designed experiments, collected and analyzed EEG signals and eye tracking data from human subjects watching marketing stimuli, and predicted their responses (preference, purchase intention, and attention) through a Support Vector Machine (SVM) classifier.

Research Assistant
Brainekt-Computer Software Company
August 2019 – August 2021
Dhaka, Bangladesh

- Worked on the following projects:
  - Wheelchair patient monitoring system using EEG signals.
  - Anomaly detection of ECG signal by dot Residual LSTM Network.
- Worked on the collaboration among independent researchers.

Operator
Fabrication (FAB) Lab, KUET
February 2018 – February 2019
Khulna, Bangladesh

- Organized workshop on "Laser Cutting & Engraving".
- Organized workshop on "Cutting Edge Fabrication Facilities".

GRANT & FELLOWSHIP

NSF AccelNet NeuroPAC Fellowship	2024
Institute of Computing and Cybersystems (ICC) Student Travel Grant	2024
Graduate Student Government (GSG) Travel Grant	2024
Shahjalal Islami Bank HSC Scholarship (Offered for poor & scholar Bangladeshi students)	2014
Higher Secondary School Certification (HSC) Scholarship (Offered by the Government of Bangladesh)	2014
Secondary School Certification (SSC) Scholarship (Offered by the Government of Bangladesh)	2012

TECHNICAL SKILLS	Languages: Python: 4 years of full-time experience in research, MATLAB: 3 years of full-time experience in research, HTML & CSS: 1 year of part-time experience, C& C++: CSE-OOP, Data Structure & Algorithm, Spring'16 & Fall'16. Framework/ Tools: Kilosort, DeepLabCut, EEGLAB, Keras, TensorFlow, scikit-learn, OpenCV, Pandas Paper writing: LaTex, Endnote Data Analysis and Presentation: SQL, MS Excel, MS Word, MS PowerPoint IDEs: Jupyter Notebook, Spyder, Code Blocks. Operating Systems: Windows, Ubuntu, Linux

ONLINE COURSES AND TRAINING	o NMA Summer School of Computational Neuroscience 2022 by Neuromatch Academy.
	   • Intro to Modeling
	   • Machine Learning
	   • Dynamic Systems
	   • Stochastic Process
	o The BCI & Neurotechnology Spring School 2022 by g.tec medical engineering GmbH.
	o Ada Lovelace DATATHON 2021 by HERWILL and BdOSN:
	   • Descriptive Analysis
	   • Feature Engineering
	   • Machine learning Models
	   • Validation and Evaluation
	o Introduction to Python (**datacamp**)
	o Intermediate Python (**datacamp**)
	o Neural Networks and Deep Learning by deeplearning.ai (**Coursera**).
	o Improving Deep Neural Networks: Hyper parameter Tuning, Regularization and Optimization by deeplearning.ai (**Coursera**).
	o Git for Developers Using GitHub by Coursera Project Network (**Coursera**).

GRADUATE & UNDERGRADUATE COURSES	Artificial Intelligence (AI), Artificial Intelligence in Healthcare, Probability & Stochastic Processes, Neuromorphic Robotic System. Machine Learning (ML), Intro to Big Data Analytics. Data Structure & Algorithms, Database System, Internet Programming, Object Oriented Programming. Digital Image Processing, Digital Signal Processing. Numerical Analysis, Information Theory Computer Networks.

ACTIVITIES & LEADERSHIP

STEM Judge, **Western U.P. STEM Fair & Festival**	2024
Judge, **Design Expo, MTU**	2024
Publication Secretary, **MEC, KUET**	April 2018 – April 2019
Treasurer, KUET Career Club (**KCC, KUET**)	March 2018 – March 2019
IT executive, KUET Unit Face of **ESAB (Engineering Students Association of Bangladesh**)	July 2017 – July 2019
Organizing committee member of Technival'18, **KUET**	April 2018
Organizing committee member of Career Carnival, **KUET**	July 2017
Organizing committee member of Robi Career Carnival, **KUET**	August 2017
